

# Rabbit Parathyroid Cells

Cat. No. ARP0770,  $5 \times 10^5$  cells/vial

## Description

Research on the Rabbit Parathyroid Cells is essential to the study of secondary hyperparathyroidism (renal failure-induced), parathyroid adenoma models, calcium-sensing receptor dysfunction, and post-thyroidectomy hypoparathyroidism. The parathyroid glands are small endocrine glands next to the thyroid gland in the neck. Human has two pairs of them (a total of 4). They produce parathyroid hormone, which participates in the regulation of blood calcium, important for muscle movement and nerve transmission. The Rabbit Parathyroid Cells are to be used with Rabbit Parathyroid Cell Medium (Cat. No. ACM0770). This product is intended for laboratory in vitro use only. It is not intended for diagnostic, therapeutic, or clinical applications.

## Specification

Cell Type: N/A

Tissue/Organ: Parathyroid gland

Disease: Normal

Species: *Oryctolagus cuniculus* (Rabbit)

Genetic Background: N/A

Markers: Parathyroid Hormone (PTH)

Symbols: RaPC

## Shipping & Storage

Shipping condition: Frozen on dry ice.

Storage condition: Liquid nitrogen (LN<sub>2</sub>) cryopreservation.

## Intended Use

This product is intended for laboratory in vitro use only. It is not intended for diagnostic, therapeutic, or clinical applications.

## Culturing Guidance

Morphology: Fusiform, Polygonal

Growth Mode: Adherent

Temperature: 37°C

Atmosphere: 5% CO<sub>2</sub>

## Unpacking and Storage Instructions

1. Visually inspect all packaging components for integrity and verify adequate dry ice.  
If any damage is observed, notify Ascent Technical Support immediately.
2. Prioritize transfer to liquid nitrogen vapor phase storage system (-130°C or below).  
Secondary option: -80°C mechanical freezer (short-term storage only).  
Always maintain temperature strictly below -65°C.

## Disclaimer

Ascent Research endeavors to provide accurate and up-to-date product information. However, no warranties or representations are made regarding its completeness or reliability.
